Leon Henry Dimbleby, John Vincent, 2019-08-06 A collection of simple and delicious recipes from award-winning restaurant Leon that can be pulled together in a flash. 'The dream is to bring really good food at a good price to as many people as possible. It makes Leon sound like a new religion. If so, it's one that can count our judges as among its growing congregation of worshippers.' - Observer Food Monthly Awards The first Leon restaurant, on London's Carnaby Street, opened its doors in July 2004, aiming to change the face of fast food by bringing fresh, wholesome cooking to the high street. Since then Leon has grown to more than 55 restaurants, including in Washington DC. Leon's food message is a simple and honest one that hasn't changed since the opening of that first branch - cook and eat with the best ingredients available and don't forget the naughty bits that are necessary for a fully-rounded life. Leon Naturally Fast Food is a book of two halves. The first is Fast Food, which contains recipes for every occasion that take a maximum of 20 minutes to prepare: from a work day breakfast and children's meals to simple suppers and party food. The second half is Slow Fast Food, which contains meals that can be made in advance when you have the time, to enjoy when you don't. The wide range of recipes will satisfy both the experienced cook and the culinary adventurer in search of inspiration.

Eliot's Banana Heather Swain, 2003-09-01 Things should be peachy. Junie isn't entirely sure what her problem is. She's

just moved into a Brooklyn apartment with her cool longtime boyfriend Leon, a drummer who adores her. She flits through a string of temp jobs in funky thrift store clothes. But beneath her veneer of quirky humor there's a nagging feeling of dissatisfaction about her life. She's about to go bananas. When Junie meets Eliot, who is twice her age, and his cat, Alfie, at the vet's office, she's convinced she's found the zest missing in her life. A burnt-out sci-fi writer in search of a muse, Eliot is apples to Leon's oranges. It's not long before Junie's standing in his kitchen being offered a banana...and then some. Losing herself in the mayhem of a fling, Junie slowly realizes that kinky diversions are a poor distraction from what's really eating her. Only when she stops obsessing about Eliot and starts peeling away the layers of her family's past will she see that what she really wants has been waiting for her all along...and that her future's ripe with possibilities.

Istanbul Rebecca Seal,2013-07-08 Walk the streets of Istanbul and you'll see a city of wonderful contradictions: step out of a stylish modern bar and you're likely to turn a corner and find lamb kebabs roasting over coals on a tiny food cart, in the shadow of towering minarets. This fascinating place, where East meets West and Europe borders Asia, inspired Rebecca Seal and Steven Joyce to create Istanbul, a food tour of the city. From simple meze dishes to fragrant Ottoman-era stews, this book is full of delicious recipes - try roasted aubergines stuffed with spiced lamb, crunchy fennel salad with radishes and sumac, or chicken with almonds and apricots, and be transported to the kitchens of Istanbul. Set against the backdrop of Steven Joyce's stunning food and travel photography, Istanbul is a colourful and exciting gastronomical jaunt around one of the world's most fascinating cities.

The Insect Man Eleanor Doorly,2019-10-10 This is a book intended for young and lively-minded children which implies, as I believe, that it might win a larger number of readers in proportion to the host available than if it were intended solely for intelligent adults. But there is no more precarious merchandise than books. What we most need and pine for in this we may, by ill chance, easily fail to come across.

A Workbook for Arguments David R. Morrow,Anthony Weston,2019-11-18 David Morrow and Anthony Weston build on Weston's acclaimed A Rulebook for Arguments to offer a complete textbook for a course in critical thinking or informal logic. Features of the book include: Homework exercises adapted from a wide range of actual arguments from newspapers, philosophical texts, literature, movies, YouTube videos, and other sources. Practical advice to help students succeed when applying the Rulebook's rules. Suggestions for further practice that outline activities students can do by themselves or with classmates to improve their critical thinking skills. Detailed instructions for in-class activities and take-home assignments designed to engage students in critical thinking. An appendix on mapping arguments, a topic not included in the Rulebook, that introduces students to this vital skill in evaluating or constructing complex and multi-step arguments. Model responses to odd-numbered exercises, including commentaries on the strengths and weaknesses of selected model responses as well as further discussion of some of the substantive intellectual, philosophical, and ethical issues raised by the exercises. The third

edition of Workbook contains the entire text of the recent fifth edition of the Rulebook, supplementing this core text with extensive further explanations and exercises. Updated and improved homework exercises ensure that the examples continue to resonate with today's students. Roughly one-third of the exercises have been replaced with updated or improved examples. A new chapter on engaging constructively in public debates—including five new sets of exercises—trains students to engage respectfully and constructively on controversial topics, an increasingly important skill in our hyper-partisan age. Three new critical thinking activities offer further opportunities to practice constructive dialogue.
